Doyle Stephens Scholarship

Purpose: FRIENDS of Great Salt Lake established the Doyle W. Stephens Scholarship to celebrate Doyle's remarkable scientific contributions toward understanding the Great Salt Lake Ecosystem. This scholarship provides support to undergraduate or graduate students engaged in new or on-going research that focuses on Great Salt Lake and its ecosystem. The award may be used to support laboratory or field research, attendance at professional meetings, or other activities that further the understanding or protection of the Great Salt Lake Ecosystem. Research located anywhere in the Great Salt Lake watershed can qualify for this award.

Qualifications: Applicants must be undergraduate or graduate students currently enrolled at an accredited college or university and have not previously received this award.

Selection of Award Recipients: For 2010 FRIENDS will give one \$1,000.00 award. Applications will be judged by the following criteria: 1) Probability of successful completion of the proposed research (based on a transcript from current institution, letter of support, and feasibility of project), and 2) Potential contribution of the proposed research to the protection, preservation or understanding of Great Salt Lake Ecosystem.

Scholarship Recipient Requirements: The recipient will present their research findings to the FoGSL membership either as a presentation at a general membership meeting and/or as an article in our quarterly newsletter.

APPLICATION DEADLINE: March 5, 2010

Applicants will be notified of the decision by April 15th, 2010. The winner will be presented with the award at the Issues Forum (April 29-May 1, 2010).

For a copy of the application or more information, please visit our website at www.fogsl.org or call (801) 583-5593
